Our focus at Vivo is to provide a platform that will encourage students to develop a positive and healthy attitude to learning.

THE VIVO EXPERIENCE

Vivo, Australia's leading school rewards platform, has been at the forefront of learning technology and behaviour change since 2008. Now with over 1.4 million users worldwide, Vivo is widely known and loved by students and teachers alike, not just because it makes learning more fun and collaborative but because it gets results, helping schools to help students to excel.

The key to Vivo's success is that it offers so much more than just rewards. Schools choose their budget, criteria for rewarding and the type of reward – which could be a privilege, something from the VivoShop, the school's own shop or even a charitable donation.

Vivo then works in partnership with schools to drive engagement by providing support, consultancy and motivators for students and teachers. The VivoShop is always stocked with the rewards students want, which saves precious time and budget spent by teachers on managing their own merit system.

Vivo has proven to be very successful in motivating students with over 94% of our schools reporting an improvement in performance, motivation and behaviour. Many schools are now using Vivo as a platform to drive their positive behaviour framework. Everything we do at Vivo is designed to help schools to encourage a healthy attitude to learning. From primary school right through to high school, Vivo sets a powerful framework for positive behaviour and personal growth.

THE VIVO PLATFORM

Technology

Vivo is a flexible, multi-platform rewarding solution which works for all end users.

It gives:

- Schools the ability to set objectives and report success.
- Teachers simple tools for rewarding.
- Parents real-time access to their child's progress.
- Students the technology and rewards they love.

Service

Vivo works closely with schools to ensure they get the most out of the system.

The service includes:

- Fully-managed shop module.
- Dedicated account support.
- Advice and insights for schools including a blog, support forum and regular webinars.
- Calendar of activities to engage students.
- Help and guidance to engage local businesses to support school programmes.

Results

Our surveys show that students are happier and more motivated and teachers feel more supported as a result of using Vivo.

A recent survey found:

- 96% of schools said Vivo had contributed to better performance.
- 93% to improvements in behaviour.
- 83% to better attendance.
- 71% improvement in building partnerships.

SCHOOLS LOVE VIVO

Customisable

Vivo is a fully customisable platform to match your school's budget and strategic plan. The platform is easy to set up, administer and control with rewarding options for attendance, punctuality, behaviour and more.

Cost Savings

Vivo replaces paper based merit systems which are expensive to maintain and eat into valuable teaching time. It can also save schools money by improving parental engagement, reducing absenteeism, decreasing negative behaviour referrals and motivating students to achieve more. Thereby helping schools to meet their school improvement plan targets.

Positive behaviour

Vivo is a highly effective tool for encouraging positive behaviour for learning. Many schools use Vivo to directly promote positive student attitudes, politeness and manners, community contribution and volunteering.

"It's a fantastic way to reward and recognise positive behaviours within our school. Students like the rewards and staff like how easy it is."

Deputy Principal – Francis Greenway High School

Vivo Worldwide

The use of school reward systems for improving motivation and behaviour is catching on all over the world. In the UK there are over 500 schools using Vivo and we get enquiries every day from various countries interested in Vivo.

PRIMARY SCHOOLS

Increasingly primary schools are turning to reward systems to foster healthy attitudes to learning. VivoJunior works for primary as:

- Schools set their own reward criteria. Teachers use it as a classroom recognition tool and can even use it on the interactive projector.
- Students earn points and parents can be directly involved in their child's progress.
- Rewards are engaging and tailored with certificates and stickers that support Golden Rules and positive behaviour frameworks.
- Rewards can be delivered via the VivoShop.

Vivo is a journey which starts at primary school and can be continued into secondary education. The experience of using the motivational technology in their school years helps students develop skills such as better behaviour for learning, financial management, goal setting and achievements, community outreach and citizenship - thus preparing them for success in the real world.
